

Greytrix Business Manager

Enabling full visibility on everyday operations with Sage CRM

After many years of services and development in the field of Enterprise solutions, Greytrix is delighted to bring to market a compelling Business solution which addresses a multitude of common business requirements in enterprise such as:

- Contact and Diary Management
- Customer Service Management
- Pipeline Management
- Project Management
- Event Management
- Contract Management
- Resource Planning
- Budget Planning and Allocation

All of these modules are seamlessly presented as a unified business solution pack: **Greytrix Business Manager**. In this unique way we can provide the User with a total end to end solution which gives a functional environment to process back end ERP transactions all the way through to front end Web publication and processing.
