Development

We understand the unique processes of your business and custom-build a solution your processes need!

Installation & Configuration

Vertical Business Add-ons

Third-Party Integrations

Customizations

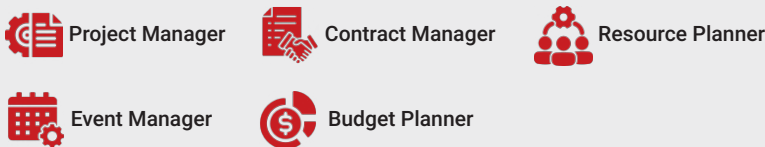

Multi-Device Compatibility

Business Manager:

It is a suite solution that brings together different business operations while integrating them to enable easy decision-making. It entails the following applications -

Add-on Development

To accommodate your growing business needs, we help you automate crucial processes with the help of CRM add-ons.

CTI Framework:

A customizable and flexible framework that can be integrated with CRM to enhance connectivity.

Gmail Integration:

This add-on helps you streamline communication, contacts and track opportunities from Gmail to CRM.

Service CRM:

This solution dedicatedly handles after-sales processes improving customer satisfaction and business productivity.

Integration

We offer the best-in-class Sage CRM integrations with any system of your need. Here is a list of our out-of-the-box integrations with Sage ERP

Sage Intacct | Sage X3 | Sage 300 | Sage 100

Enjoy the benefits of an integrated system:

- | Access Insights anytime, anywhere
- | Seamless Multi-Device Compatibility
- | Enhance Customer Responsiveness
- | Ensure Multi-Currency
- | A Holistic view of Customer data

This one-click, SaaS champion integrator powers Sage CRM Integrations with ERPs. Enjoy uniform visibility across platforms as entities are seamlessly linked between the two systems.

Integrate entities like:

Customers

Contacts

Addresses

Product

Product Category

Orders

Quotes

Invoices

Salespersons
