

# Greytrix Flagship Solutions

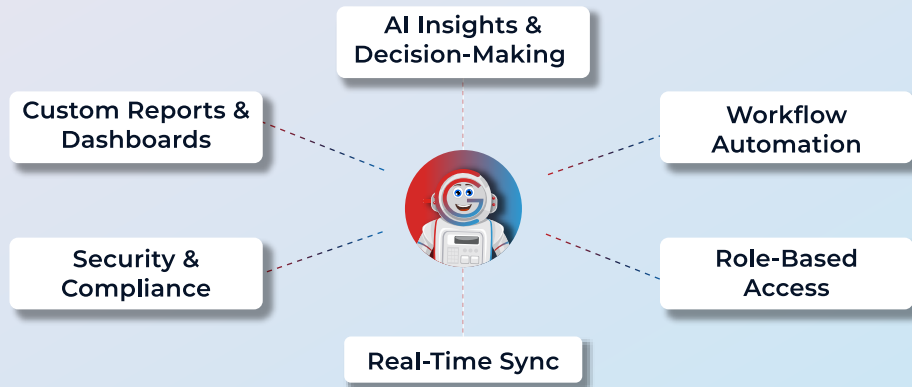

Designed for the Sage Ecosystem

As a Sage Global Implementation Partner, **Greytrix delivers AI, integration, and portal solutions** designed to help businesses integrate, automate, & manage their operations from one connected environment.

## Ask. Analyze. Automate

— inside your Sage environment.

An AI assistant built natively inside your **Sage ERP and CRM**, turning your operational data into insights your teams can act on.

## Integration

A platform that links your **Sage ERP to your CRM, e-commerce, and third-party applications** through a single integration layer.

- Cloud Architecture
- Modern Web-Based API
- Plug & Play Connector
- Entity & Field Mapping
- One-Click Data Sync
- Bi-Directional Integration

## App Integrations

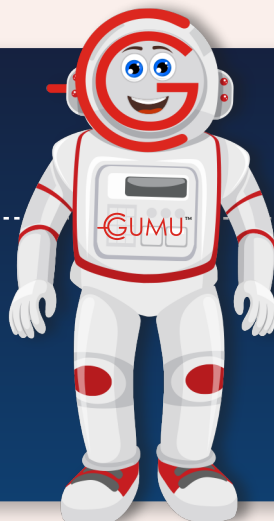

CRM | E-Commerce | POS

Tax Compliance Apps

Customer Portal

External File Transfer

Other Apps/Systems with APIs

Sage 100

Sage 300
