OUR COMPETITIVE ADVANTAGES

Partnering with Greytrix means gaining a trusted ally dedicated to your success. With our proven history of delivering excellence in Sage Intacct Consulting Services, we are **committed to driving efficiency, innovation, and growth for your business.**

Expertise

Our 24+ years of market presence have helped us deliver comprehensive services and customized solutions needed by various industries including Retail and eCommerce businesses.

Seamless integrations

Our champion integrator platform GUMU™ seamlessly connects POS (Treez) and eCommerce platforms (Magento and Shopify) to Sage Intacct. It automates order transactions, ensures accurate accounting recording, and provides visibility into inventory, sales, and cash.

Business Insights and automation

We empower businesses with the right tools to automate key processes such as sales and cash recording, financial transactions, and inventory management, thus providing valuable business insights..

24x7 Support

We have a dedicated team of functional and technical consultants that is available 24x7 to assist Sage Intacct users worldwide and provide in-moment solutions whenever needed.

Customized Development

Our adept development team customizes software to fit your needs. Explore our **Sales Commission App & Foreign Localization Suite** for streamlined processes on Sage Intacct.

Migration

For our customers looking to move from their legacy systems to Sage Intacct, we provide a comprehensive suite of services to ensure hassle-free migration to the cloud ERP.
